The following are Brockenhurst College 2021/22 bus timetables for services provided by Go South Coast (incl. MoreBus, Salisbury Reds & BlueStar)

The following timetabled services will operate term time from 06/09/2021 to 07/07/2022 (all timetables & routes are subject to amendment and/or removal as per service requirements)

Each stop on the timetables include reference to a price zone as per the 2021/22 Bus Costs PDFs on the College website and products on our online BrockShop

The final AM stop for all services (bar the C27) is the bus park at Brockenhurst College & Leisure Centre (BCLC), Lyndhurst Road, SO42 7ZE

The C16 service operates midday during term time between Ringwood and Brockenhurst (to coincide with the end of P3/start of P4) with single fares costing £3.00

The C27 is a free connecting service operating between Totton railway station and the College's Construction and Marine Technology Training Centre in Marchwood Industrial Park

Increasingly inconsistent traffic patterns in the wider Ringwood area since the start of term are resulting in services running later than intended. To ensure students consistently arrive on campus for 0900 hrs we have taken the decision to reschedule the C13, C15 & C18 bus services.

Effective 18/10/2021, the C13 & C18 buses entered service 10 minutes earlier & the C15 bus entered service 15 minutes earlier. Further revisions were required with the C13 & C15 routes revised (effective 08/11/2021) and these changes have been reflected below.
