- 4.1.1 Curriculum delivery, teaching and learning and staff expertise

BROCKENHURST COLLEGE : PROVIDER ACCESS POLICY

Introduction

This policy statement sets out the College's arrangements for managing the access of providers to the College for the purpose of giving them information about the provider's education or training offer. This complies with the College's obligations under Section 42B of the Education Act 1997.

Learner entitlement

All learners in years 12 and 13 are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- to hear from a range of local providers about the opportunities they offer including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;
- to understand how to make applications for the full range of academic and technical courses.

These provider encounters will be scheduled during the main college hours and the provider will be given a reasonable amount of time to as a minimum:

- share information about both the provider and the approved technical education qualification and apprenticeships that the provider offers
- explain what career routes those options could lead to
- provide insights into what it might be like to learn or train with that provider (including the opportunity to meet staff and pupils from the provider)
- answer questions from pupils

Meaningful provider encounters

We are committed to providing meaningful encounters to all our learners.

Meaningful online engagement is also an option, and we are open to providers that are able to provide live online engagement with our pupils.

Previous providers

In previous years we have invited in a range of providers from local and national business, training and apprenticeship providers, volunteering and Gap Year organisations, FE institutions and HE institutions.

Destinations of our learners

Last year our year 13 learners moved to a range of pathways and next steps in the local area as highlighted in our Annual Destinations Report.
