### Activities

- Create Pinterest boards on a range of photographic genres including portrait photography, landscape photography, architecture, abstract, studio portraiture, fashion, still life photography, sports and wildlife
- Follow your favourite contemporary photographers on social media
- Download and experiment with Adobe apps such as Photoshop Mix, Photoshop Express, Lightroom, Photoshop Fix among others
- Use YouTube to watch technical demonstrations, search broad terms such as photography composition as well as tips for portraiture/landscape/still life
- Take as many photographs as you can, it may seem obvious but the more photos you take, the better you will get

# Getting Ahead – Summer Work
